2026-02-11

Subject: Regional Workshop on Challenges and Gaps in Implementing General Safety Requirements for Medical Exposure, Vienna, Austria, from 23 to 25 March 2026

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER9165, "Enhancing Radiation Protection and Safety in Medical Exposure".

The purpose of the event is to review the RER9165 project workplan so that planned activities align with identified needs, existing gaps, and expected project outcomes. Participants will also review the status of implementation of GSR Part 3 requirements on medical exposure in the participating Member States from the IAEA TC Europe region. The event will officially launch the project and define the detailed work to be carried out at both regional and national levels.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country's nominations by **18 February 2026** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Anna Melkumyan'.

Anna Melkumyan
Programme Management Officer
Division for Europe
Department of Technical Cooperation
