

ARTEMIS Peer Reviews Explained: Processes, Benefits and Lessons Learned – Part 2

WEBINAR

15 October 2025

[Register →](#)

Wednesday, 15 October 2025, 10:00 CEST

About the webinar

This webinar will explore how the ARTEMIS peer review service supports the implementation of the Council Directive 2011/70/EURATOM, which mandates the review of national arrangements on the safe management of radioactive waste and spent fuel for EU countries. It will focus on both first and second cycle reviews of national frameworks for the safe and responsible management of radioactive waste and spent fuel. Participants will also learn about the role of follow-up missions in assessing progress made on previous ARTEMIS recommendations, suggestions and good practices. Newly developed guidelines and tools aimed at facilitating the implementation of ARTEMIS missions will be presented. Participants will also hear about lessons learned from past ARTEMIS follow-up missions and have the opportunity to ask questions.

Date: 15 October 2025

Time: 10:00–12:00 (Vienna time)

Location: Online (WebEx)

Audience: Policymakers, regulators and professionals involved in radioactive waste and spent fuel management.

Registration deadline: 14 October 2025
